

**UPDATED
2021-2022
VIRTUAL
CLUB FAIR**

What is the virtual club fair?

The virtual club fair is an opportunity for students, faculty, and staff at Cristo Rey Dallas College Prep to view the student organizations that CRD has to offer and sign up to receive more information about them.

The following pages will offer descriptions and interest forms for organizations meeting during the 2021-2022 school year. Once you fill out an interest form, members of that club will reach out to you about meeting times, locations, and activities.

How do I read this document?

In this catalog, organizations are listed alphabetically and by category: 1. confirmed student organizations and 2. interest-pending student organizations. Interest-pending organizations will only form if there is enough student interest and a staff member to moderate it.

Additionally, if you are interested in creating a new organization, please complete the [Club Creation Worksheet](#) . We encourage the creation of new student led clubs and organizations so student interests and talents can be shared with our community.

Student Leader(s): Gabriela Crawford, Jazmin Barboza

Interest Form: [Click here](#)

Description: The purpose of this club is to get informed about climate change and try to make a difference by cleaning the school campus and going to places in Dallas where cleaning is necessary. Students will learn about how to take care of the environment at school, at home, and in their neighborhoods while also bringing awareness to the greater CRD community about what it takes to take care of our shared home and live more sustainably.

Confirmed Student Organizations

Games Club

Sponsor : Mr. Garbacz

Student Leaders : TBD

Interest Form : [Click here](#)

Have great memories of playing Monopoly or Risk? Want to try games that are even more fun, in the company of fellow game enthusiasts? Join Game Club! In Games Club, we will use board and card games to relax, compete, challenge each other, and even learn! The specific games we play will be purely based on student interest; one day you might be flinging awkwardly shaped penguins around a frozen school, then next you might be inventing a sign language to express your deepest passions. Whatever we do, come ready to laugh, smile, and most of all--have fun!
