CRD Academic Team Norms

We will...

Value one another's time.

Be present and purposeful.

Create, embrace and respond to policy collectively.

Give space for all voices.

Embrace a growth mindset.

Consistently reinforce norms.

Through interactions, physically and digitally.

Through specific goals and adjourning with purpose.

Presume positive intentions and be open to feedback. Keep conversations confidential.

Philosophy of Education at CRD

At Cristo Rey Dallas, we believe in a student-centered approach to learning. In order to master material, students need to be actively interacting with material, practicing skills, and collaborating with each other. We always ask ourselves: “Who is doing the heavy lifting in this classroom? The teacher or the students?”

Academic Vision

Learning at CRD is guided by instructors and discovered by students.

Learning is:

- **Purposeful** – Do all students understand how this lesson connects to their academic formation? To their holistic formation?
- **Metacognitive** – How are students thinking about their learning? How are they reflecting?
- **Rigorous** – Are all students being pushed to their academic limit? A little beyond?
- **Empowering** – How are students' voices prioritized in the classroom? How are they being prepared to achieve their full potential?

The Instructional Core

How does the teacher think about and adapt the content? Why did the teacher choose the content?

What do students do with the content? How are they thinking about content? What are students trying to accomplish?

How do teachers and students interact? What kind of thinking does the teacher require of students? How does the teacher respond to students' thinking?

Grade Level Commitments: Freshmen Team

- As a freshman team we hope our parents and students will embrace change, encourage growth and develop open communication.
- As a freshman team we hope to support each other with check-ins. We hope to pick up a team member before they feel like they are drowning. We will respect each other's time and differences. And we will do our best for our students, each other, and ourselves.
- As a freshman team we hope our students feel safe in our classes, can speak up and/or ask for help when needed. By the end of the year, we hope our students understand the importance of a planner. It should be a habit to turn assignments in on time.

Grade Level Commitments: Sophomore Team

Goals for the Year: Commitments to students and families

- Communicate more often with parents
- Welcome email to parents with name, contact info, office hours, etc.
- Consistency (individually and as a team) with bathrooms, cell phones
- Continue keeping track of student progress and needs

Goals for the year: Commitments to each other

- Collaboration with sophomore team about struggling (and excelling!) students

Grade Level Commitments: Junior Teachers

For students and families:

- As an 11th grade team, we commit to 1) Updating gradebooks with the appropriate amount and types of assignments throughout the year 2) Increasing positive parental contact and 3) Encouraging students to achieve grades that will enhance their prospects during the college application process.

Grade Level Commitments Senior Teachers

- Ensure that 100% of the students graduate and have a successful senior year.

Instructional Coaching

Objectives

Building a sustainable model that elevates our collective practice.

Incentivizing professional growth.

Capitalizing on resources from Region 10 (Laura Kile)

Learning Communities for the School Year

Cognia Accreditation Review

Learning Goal: We will engage in a continuous improvement process over the course of the SY 23-24 to strengthen our professional practice, identify areas of improvement, and embrace collegiality and collaboration on behalf of CRD learners (*Cognia Standards: 5, 6, 7*).

Virtue Based Restorative Discipline

Learning Goal: We will use our learning of the *Virtue Based Restorative Discipline* process to cultivate and sustain a culture of respect, fairness, equity, inclusion, and self-reflection for all CRD students that aligns with our Catholic identity and school mission (*Cognia Standards 1-5*).

Learning Communities for the School Year

Instructional Coaching

Learning Goal: We will cultivate a campus culture of coaching, collegiality, and growth in support of our CRD students (*Cognia Standards 5-6*).

Implementing Mastery Learning

Learning Goal: We will collaborate and offer practical ideas (e.g., through learning walks, classroom observations, group discussions) on how mastery learning can be used in a broad array of teaching and learning contexts to help all students learn excellently (*Cognia Standards 17,21,22, and 23*).
